

Dear G-Force Parents,

I know that we sent a message yesterday regarding the safety precautions that G-Force is taking to maintain a healthy and virus free environment. Please know that we have arranged weekly services with Environmaster to completely disinfect and sanitize every surface of the gym with a chemical free product that has been proven effective to kill all bacteria and viruses (including the COVID-19) for a period of over 7 days. This service will be in addition to our current standard sanitation procedures which are performed on a daily basis.

As we are continually working to ensure the safety of our facility and working to comply with the suggested actions of our state leaders regarding limiting the number of gathering people in our facility. We have made a decision to limit the number of parents who enter our gym. This is a difficult decision and will be a temporary action while the state is continuing to make recommendations. Your family and your athlete's health and safety is our main priority. Starting today, parents of athletes ages 6 and over, please drop your athletes off at the door and pick them up promptly following their practice time. You are welcome to remain in your car during the class time but we are not allowing parents in the gym for the duration of practice.

Please make sure your Parent Portal is up to date with contact information in the event that we need to contact you regarding your athlete during this time. We are asking that parents of kiddos 5 and under please stay during their class times but limiting viewing to 1 adult for each preschool student.

As mentioned in an email communication yesterday, we will be extending our makeup policy for families who wish to keep their athletes home. If you choose to keep your athlete home, please log in to your Parent Portal (<https://app.iclasspro.com/parentportal/gforcegymnastics>) and record their absence in the computer. The option is under Enrollments, then click Future Absences and record the date. This will alert our system that your athlete will not be present in class for that day. Once an absence is recorded, you may go in and Enroll in a Class, choose the Makeup Option and the date and class you would like to enroll in for your make-up. Your Make-Up class will be added to your cart, there is a \$0.00 charge but you must complete the process in order to be registered for the Make-Up Class. Please use this online option in lieu of calling the front desk to report an absence and schedule your make-up class.

We will also be working on providing some make-up days/classes for Pre-Team classes that do not normally receive make-up days. Please be patient as we work to provide Pre-Team athletes with options for make-up days following Spring Break.

As a reminder, we are asking that if you are in the gym (parents of preschool athletes), you please wash your hands upon entering the building and again prior to leaving the gym. Please ask your children to do the same. Our coaches will be using strict handwashing and sanitizing procedures before class, between classes, and after classes.

Thank you in advance for your cooperation, as we as a whole community need to work together to keep our families and our children healthy.

G-Force Fierce
